

PHILIPS

EasyKey

1000 series

Smart Push-pull
Door Lock

Alpha-5HB

Wonderful life starts from a Full automatic: more safety, more freedom

With the simplicity brought by speedy unlock and auto lock and the safety ensured by dual verification and C-grade lock cylinder, Alpha is a solid choice for a smart life. The ergonomic design even makes it a pleasure to push the door open.

Caring design ensures easy experience

- Push-pull use for exceptional door opening experience
- Smooth and durable surface with IML finishing
- 3 exquisite color schemes with rich texture: Black

Multiple protection in one for overall home safety

- Dual verification & Bluetooth unlocking boost home entry security
- One-key anti-theft mode for instant inside unlock alarm
- Fake PIN code function prevents password disclosure
- Hidden C-grade lock cylinder for doubled security
- One-touch safe handle and one-touch indoor deadlock

More convenience in your life

- Patented full auto mortise: unlock and open at one go
- Automatic locking lets you leave home without double check
- One-time password, convenient for visitors like friends and cleaners
- Voice guide makes operation and settings much easier

Smart life "locked" with excellence

- Multiple unlock solutions: Say goodbye to the key-only era
- Wireless network extension prepared for future smart life
- Switch between automatic and manual modes as needed
- Supports emergency power supply and low battery alarm

Specifications
